This book explores the three arenas of spiritual warfare that the maturing Christian will face: the mind, the church and the heavenly places. It provides a foundation of insight, wisdom and discernment on the nature of the battle and the keys to victory.

The church we attended fell in love with this book, and much of it sounds pleasant. Sadly, what I have read so far is well written in bias and assumptions. Since my wife’s Bible Study decided to indulge, I took a gander, and I have found mixed up theology based on the author’s opinion more than the Bible. One portion he says is our carnal nature is dust, since we came from there. I have no clue where he got that, but sin indwells in all man, and we are to take dominion over it. Our carnal nature is the old man who loves sin. There is nothing to support in the Bible what Mr. Frangipane relates here. He uses the Scripture agree with our adversary, believing that the adversary is the devil himself. We are not to agree with a deceiver, a liar, and accuser. That is unscriptural. He mentions that God took the Hebrews out of Egypt to bring them to the Promised Land, when this is not God first intention. Exodus 7:16 says Moses told the Pharaoh let My people go, so they may serve me in the wilderness. Why bring His people to a place to live without learning to serve the Living God who brought them out of bondage? He also makes mention that Jesus was not trial before Pilate, but the devil, the Pharisees and the zealots in Israel. Strange, Jesus took the punishment and wrath of God, not any of the other (though the devil will get his time). Lastly, he says discernment is rooted in love and does not judge. Most of the words used as discernment, and related to such, in the Greek, the root word is krino, which is the word used from Jesus in Matthew 7:1-5. Discernment does not come from peace, it comes from truth. You can tell the counterfeit from the true. Jesus Himself said I am the Way, the TRUTH, and the Life (capitalization mine). From truth can love come from, not truth from love. Mr. Frangipane bounces his mixture of theology into a book than talks smooth but lacks solid flavor. Since this tickles many ears, it gets many stars. I easily see why my former church adored this book. It gave them hope they wanted to hear, but still didn’t see the change of those who studied this diligently. Not here.
